

# CTS CTS-V

2019

Most things become better with the benefit of experience.

We see how something so simple can have a massive impact on our lives.

And how these simple items are the product of a complex system.

Behind the scenes, the countless hours of performance engineering.

The timeless craftsmanship.

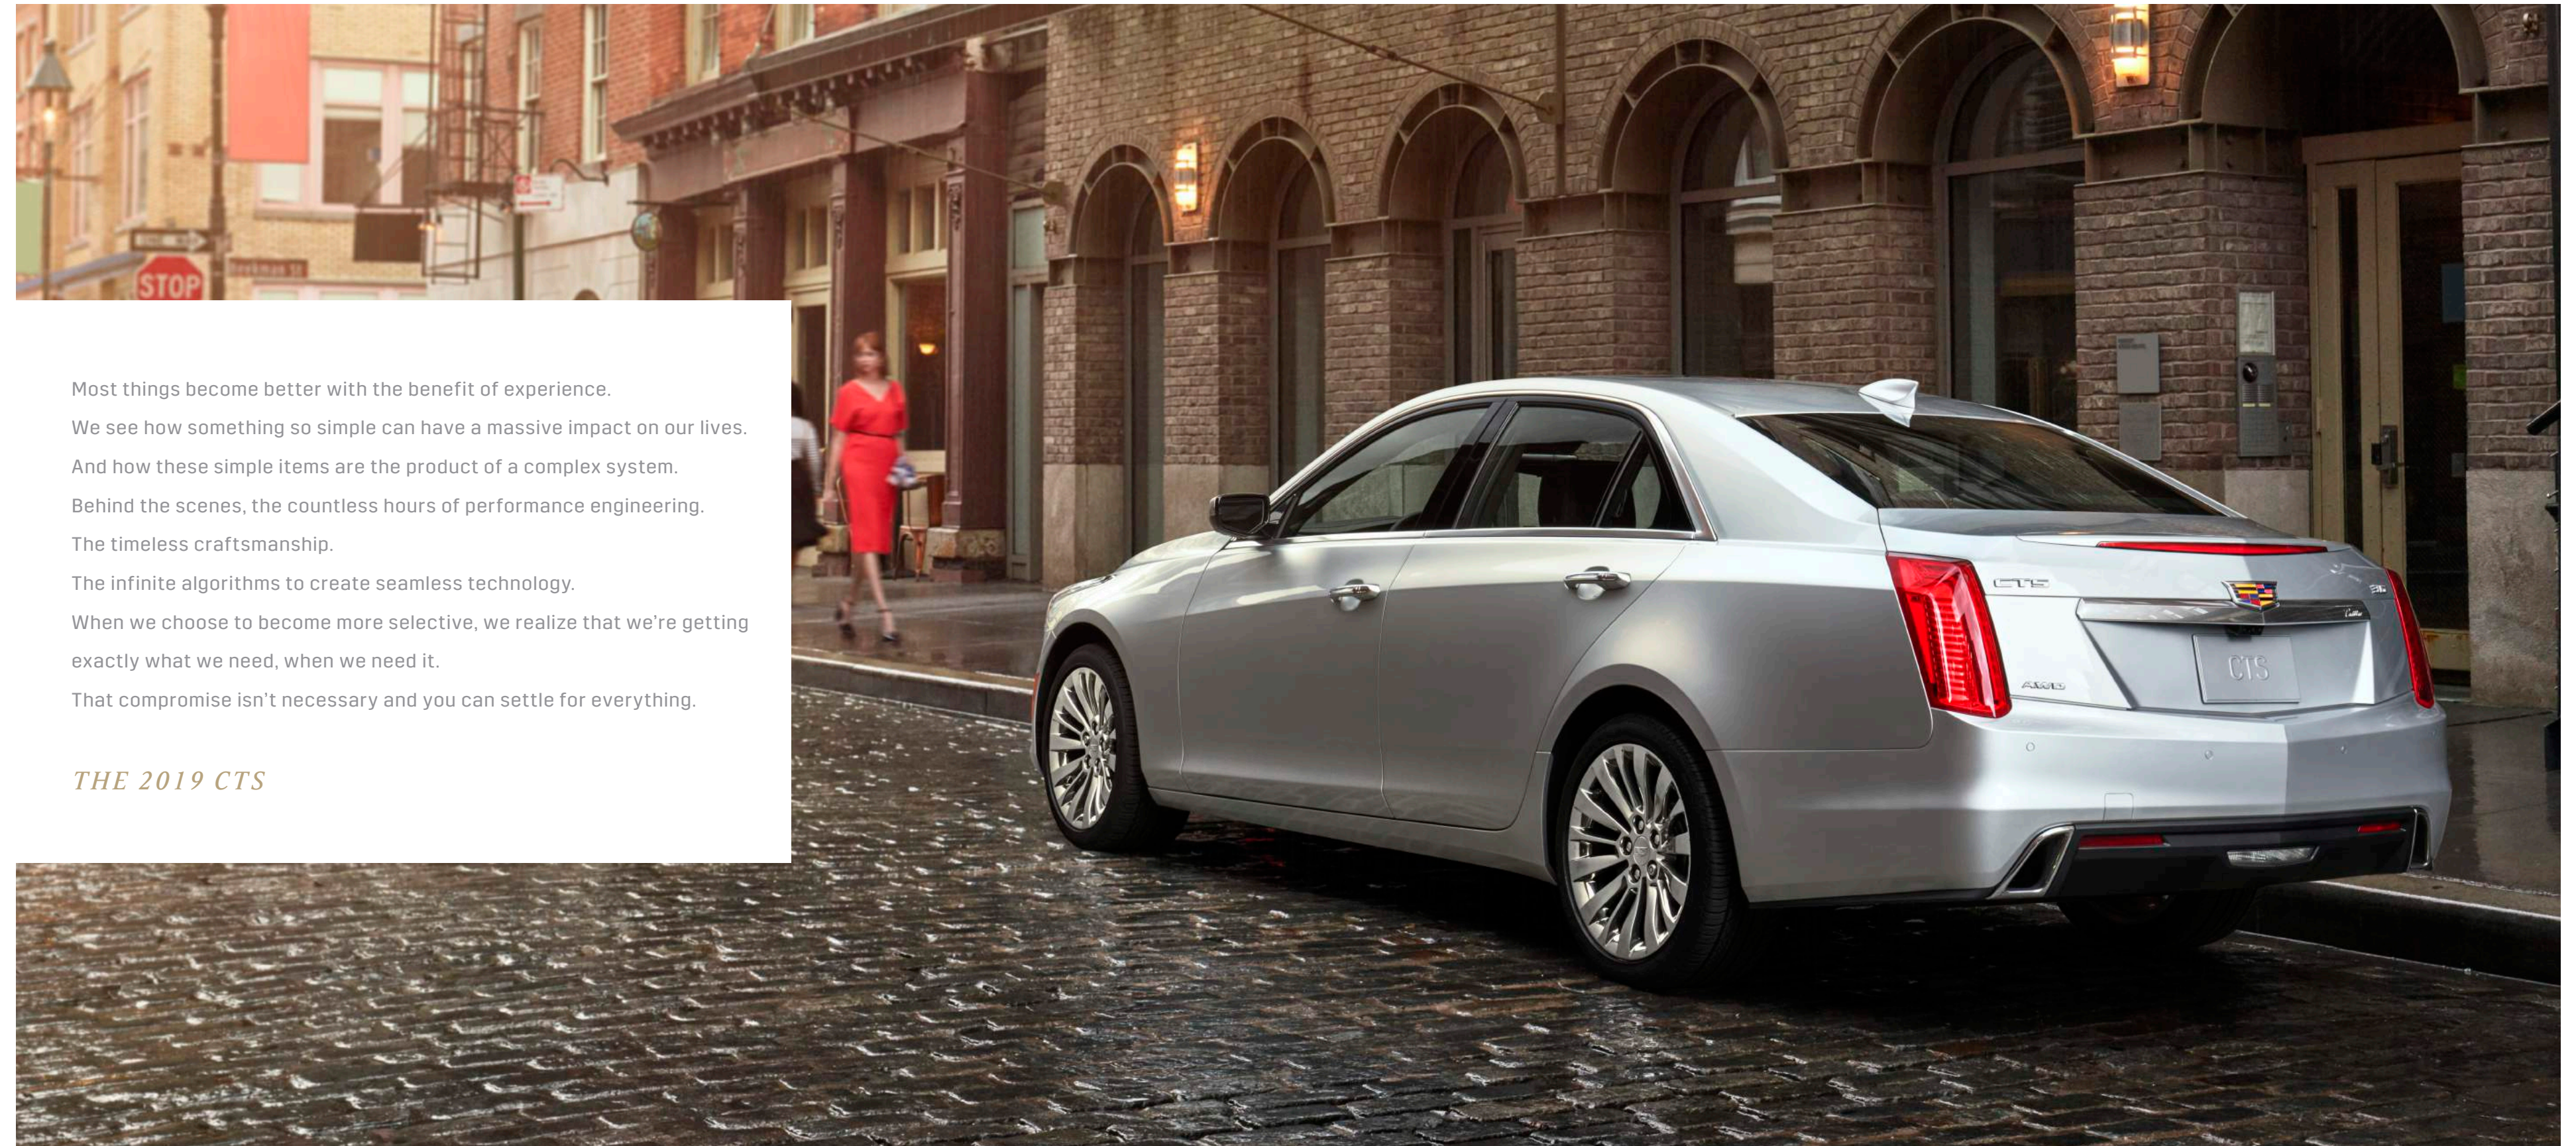

The infinite algorithms to create seamless technology.

When we choose to become more selective, we realize that we're getting

exactly what we need, when we need it.

That compromise isn't necessary and you can settle for everything.

*THE 2019 CTS*

# WHEN EFFORT IS PROOF OF SUCCESS

The 2019 Cadillac CTS is designed to adhere to all your expectations. From a powerful collection of engines to an advanced cockpit that is encased by a vision of modern steel craftsmanship, the 2019 CTS is nothing short of everything you demand, all packaged into an exhilarating drive.

The CTS is rooted in performance. From its proven achievements on the famed Nürburgring track to the propelling **V-Sport** model with remarkable horsepower to the racetrack-capable **V-Series**, excitement and a commanding drive are inevitable.

**Well-appointed cabin, meet cockpit.** The CTS is equipped with advanced technologies that deliver one powerful promise—masterful services and convenience. From the satisfying feel of the controls to seamless digital interfaces, all meet your needs with the greatest elegance and efficiency.

**In just 4.4 seconds<sup>1</sup>, the CTS V-Sport reveals itself.** That's how long it takes the V-Sport Sedan to propel from 0 to 100 km/h with its Twin Turbo V6 engine with 420 hp.

<sup>1</sup>. Based on GM testing and initial movement.

**1,000 times a second.** Available Magnetic Ride Control® is engineered to read the road up to 1,000 times a second and automatically adjust the suspension to different road surface conditions. The result is a highly responsive drive, regardless of road conditions.

**The most powerful Cadillac ever built.** With up to 640 hp and lightning-fast reflexes, the CTS-V is a rare automobile that can make virtually every drive infinitely more comfortable and memorable. At the same time, it allows you to test your limits on the track.

UP TO  
640 hp

AVAILABLE 3.6 L  
V6 TWIN TURBO  
V-SPORT ENGINE

8  
SPEED AUTOMATIC  
TRANSMISSION

Tested on the famed Nürburgring track, the CTS is serious about delivering **thrilling performance**. Choose from remarkably powerful and efficient engines. The standard 2.0 L Turbo 4-cylinder delivers a responsively potent 268 hp and a highway fuel consumption estimate of 7.8 L/100 KM<sup>1</sup>. The second option is the available 3.6 L V6 that powerfully transfers 335 hp. Or for truly exhilarating performance, the available 3.6 L V6 Twin Turbo V-Sport delivers a pulse-racing 420 hp and 430 lb.-ft. of torque. All engines are paired with an intelligent 8-speed automatic transmission for reactive shifting.

Starting power is matched with Brembo® front-brake stopping power. Carved from lightweight aluminum alloy, these brakes bring a host of advantages, including excellent driving feel and wear resistance.

Cadillac performance innovations include available Magnetic Ride Control. It is engineered to automatically adjust the suspension to road conditions. The system reads the road up to 1,000 times a second, tuning the suspension for a highly responsive, smooth drive in otherwise rocky scenarios. For additional control, available All-Wheel Drive with Active Torque Technology maximizes stability and handling, helping to deliver impeccable control in less-than-perfect driving conditions.

1. 2019 CTS equipped with standard 2.0L engine highway fuel consumption estimate is 7.8 L/100km and city fuel consumption estimate is 11.0 L/100km. Fuel consumption estimates based on GM testing in accordance with Government of Canada approved test methods. Refer to vehicles.nrcan.ca for details. Your actual fuel consumption may vary.

Top left: 3.6 L V6 Twin Turbo V-Sport engine. Above: Radiant Silver Metallic paint. Vehicle shown with available equipment.

**Modern design.** One look at the CTS and the powerful lines, curves and planes of the inlaid hood pop immediately into focus. With aerodynamic form, Cadillac signature lamps and advanced metalwork, you'll see how the CTS can move you even when it is standing still.

As striking as they are intelligent, hundreds of crystalline LED lights accentuate the exterior design. Available High-Intensity Discharge (HID) headlamps feature Adaptive Forward Lighting. This technology automatically turns the headlamps according to your steering wheel position and provides you with optimal road illumination.

Travel alongside the profile of the CTS and impressive style is met with excellent visibility, while available Illuminating Door Handles deliver both. The final touch of the exterior boasts an integrated rear spoiler, featuring a 48-LED centre brake lamp to help manage airflow and leave a lasting impression.

(A) ENHANCED VIEW WITH STREAMING VIDEO DIGITAL MIRROR

(B) TRADITIONAL VIEW WITH REARVIEW MIRROR

**Technological prowess.** With just a touch, the available Rear Camera Mirror<sup>1</sup> streams video to the rearview mirror. This view (A) offers a wider, less-obstructed view than an ordinary rearview mirror. And a simple toggle instantly reverts to a traditional rearview mirror (B).

In the driver's seat, you can project the information that matters most to you with the available Head-Up Display (HUD). Speed, audio, navigation and other information (if equipped) are projected onto the front windshield, so you can keep your eyes on the road. A different display option is the available V-Sport gauge cluster. You can customize your view to emphasize your tachometer, km/h or other information in three reconfigurable themes.

The Cadillac user experience<sup>2</sup> puts a suite of information and entertainment offerings, including climate, audio, settings control and available 3D GPS navigation<sup>3</sup> at your command. Plus, it offers in-vehicle Apps<sup>4</sup>, where you can select and install a range of apps (data plan rates apply).

The available 4G LTE Wi-Fi<sup>®</sup> Hotspot<sup>5</sup> allows you to connect up to seven devices at the same time, up to 15 metres away from your CTS. And just as convenient, compatible devices can be powered with the Wireless Charging pad<sup>6</sup>.

1. Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather, and road conditions may affect feature performance. Read the vehicle's owner's manual for more important feature limitations and information. 2. Functionality varies by model. Full functionality requires compatible Bluetooth<sup>®</sup> and smartphone, and USB connectivity for some devices. 3. At time of posting, detailed map coverage is available for most major urban areas of the United States and for certain metropolitan areas of Canada (Vancouver, Calgary, Edmonton, Winnipeg, Windsor, London, Toronto, Ottawa, Montreal, Quebec City and Halifax). Coverage is significantly limited outside these areas. 4. Additional data plan rates may apply. Available on select 2017 model year and newer GM vehicles with compatible hardware. Third-party trademarks are the property of their respective third-party owners and used under agreement. Visit onstar.ca for service limitations, availability and service plan details. Requires active connected vehicle services and data plan or connection to an external Wi-Fi Hotspot. Vehicle data plans provided by AT&T or its local service provider. Services are subject to user terms and limitations. Visit onstar.ca for more details. 5. Visit onstar.ca for vehicle availability, coverage maps, details and system limitations. Services and connectivity vary by model and conditions as well as geographical and technical restrictions. 4G LTE service available in select markets. Requires active connected vehicle services and a data plan to access the vehicle's built-in Wi-Fi hotspot. Accessory Power must be active to use the Wi-Fi hotspot. Data plans provided by AT&T or its local service provider. Credit card is required for purchase. 6. The system wirelessly charges one PMA- or Qi- compatible mobile device. Some devices require an adaptor or back cover. To check for phone or device compatibility, see gmtotalconnect.ca.

# 4G LTE

WI-FI HOTSPOT<sup>1</sup>

# 7

UP TO SEVEN WI-FI  
CONNECTED DEVICES

**Even your key fob is intelligent.** Use it and Adaptive Remote Start will engage the engine from up to 90 metres away. It can also sense outside temperature to activate the appropriate cabin climate control, as well as heat your steering wheel, if equipped, when needed. Plus, with your myCadillac<sup>®</sup> app<sup>3</sup>, cellular reception and a paid subscription, you can lock, unlock and remote-start your vehicle as well as get select vehicle information remotely.

Phone Integration with Apple CarPlay<sup>®2</sup> compatibility allows you to access your contacts, Apple Music<sup>™</sup> and other information from your iPhone<sup>®</sup> with a touch of the screen.

Apple CarPlay<sup>®2</sup> also allows you to access Siri,<sup>®</sup> so features are easily accessible to you or your front-seat passenger. Phone Integration also offers Android Auto<sup>™4</sup> compatibility.

<sup>1</sup>. Visit [onstar.ca](http://onstar.ca) for vehicle availability, coverage maps, details and system limitations. Services and connectivity vary by model and conditions as well as geographical and technical restrictions. 4G LTE service available in select markets. Requires active connected vehicle services and a data plan to access the vehicle's built-in Wi-Fi hotspot. Accessory Power must be active to use the Wi-Fi hotspot. Data plans provided by AT&T or its local service provider. Credit card is required for purchase. <sup>2</sup>. Vehicle user interface is a product of Apple, and its terms and privacy statements apply. Requires compatible iPhone, and data plan rates apply. Apple and Apple CarPlay are trademarks of Apple Inc., registered in the U.S. and other countries. <sup>3</sup>. Available on select Apple and Android devices. Service availability, features and functionality are subject to limitations and vary by vehicle, device and the plan in which you are enrolled. Device data connection required. Visit [onstar.ca](http://onstar.ca) for more details. <sup>4</sup>. Vehicle user interface is a product of Google, and its terms and privacy statements apply. Requires compatible smartphone, and data plan rates apply. Android and Android Auto are trademarks of Google LLC.

**Interior luxuries await.** The CTS will surprise and delight you with a large, comfortable cabin, yet maintain a compact, sporty feeling for pure exhilaration. When designing your cockpit, select from striking materials, such as real wood trim and available Semi-Aniline leather appointed seating surfaces. Every choice is curated to work together beautifully, so no matter which you choose, the cabin will be a stunning expression of your personal style. Comfort is king with available Tri-Zone Climate Control. The driver and front and rear passengers are able to adjust the temperatures to their own liking.

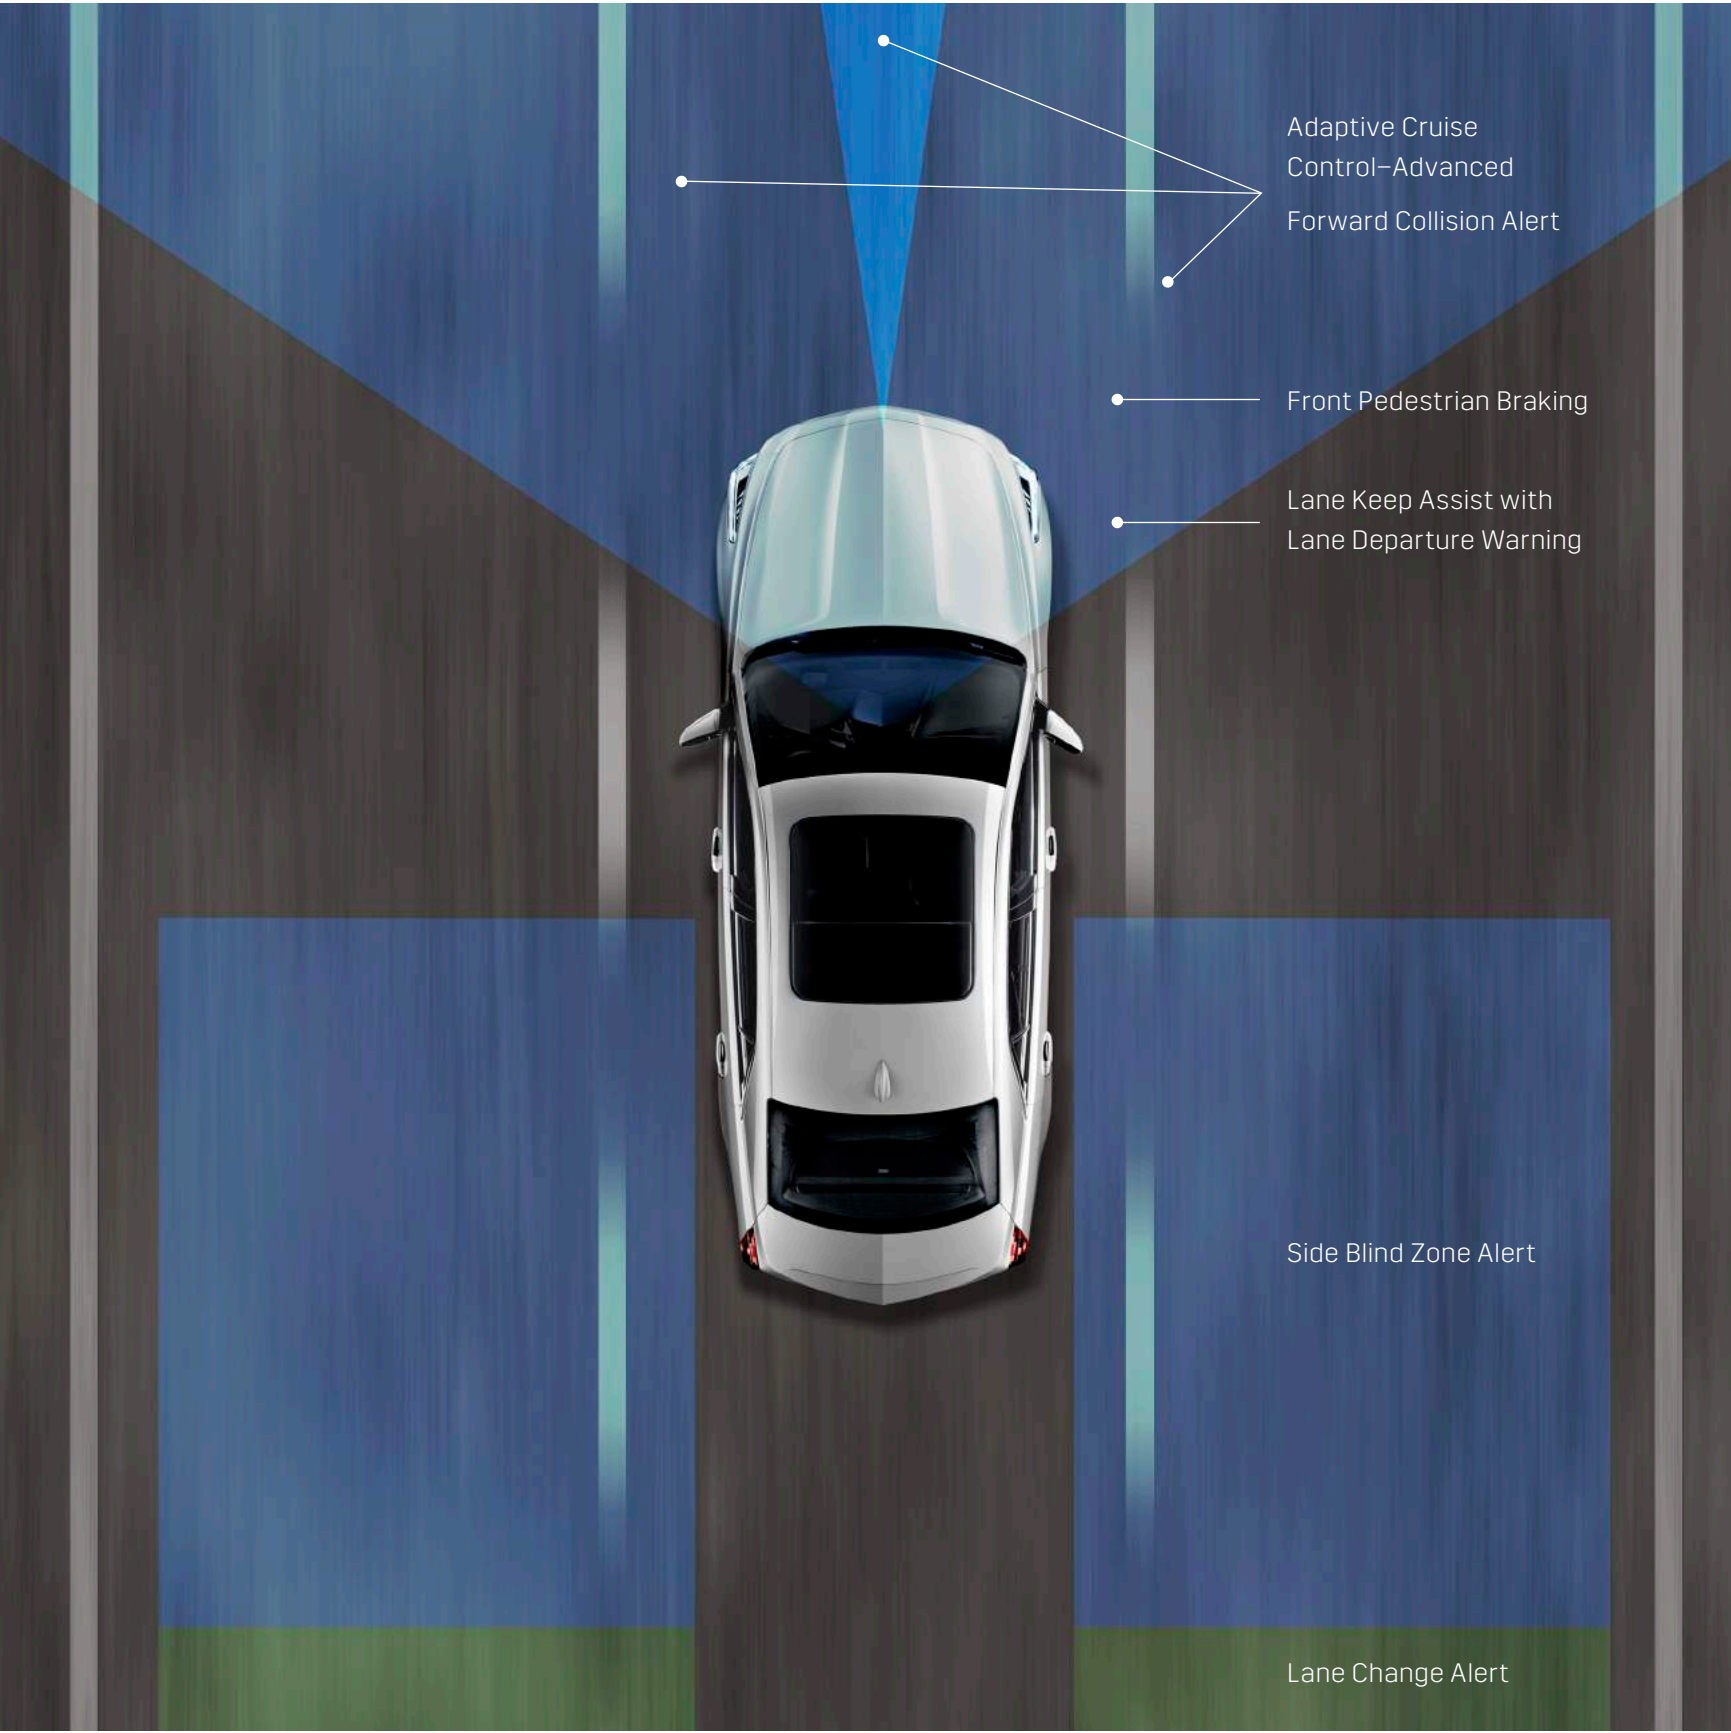

Up front, preferred seating affords occupants the ultimate in comfort with available 20-way front performance seats, including power-adjustable seatback bolsters and manual thigh support. And while you're behind the wheel, the available customizable 12.3-in. diagonal LCD gauge cluster lets you choose how to display vehicle data, entertainment, communications and navigation information in full colour.

# SURROUNDED BY AVAILABLE SAFETY INNOVATIONS

## SET YOUR SPACE

Available Adaptive Cruise Control–Advanced employs both radar and cameras to maintain a set selected distance between you and the detected vehicle ahead while you steer.

## TRULY FORWARD THINKING

Available Forward Collision Alert monitors traffic ahead, alerting you if a potential front-end collision is imminent, while the available Following Distance Indicator shows the following time to the detected vehicle ahead (in seconds) in the Driver Information Centre (DIC).

## WINDSHIELD WIPERS AND BRAKES WORK TOGETHER

Available Rainsense Wipers automatically engage when rain is detected, adjusting their speed to the rain's intensity. Whenever the wipers are activated, the Auto-Dry brakes automatically position the brake pads closer to the rotors to sweep away moisture and improve performance.

## STRONG ENOUGH TO CRUMPLE

The ultra-high-strength steel safety cage features strategically placed crumple zones that help absorb and manage crash energy. The safety cage is also equipped with 10 standard airbags,<sup>1</sup> including knee airbags for the driver and front passenger and side-impact airbags for front and rear outboard passengers.

## FIRMLY REASSURING

During emergency braking or sudden manoeuvres, available Automatic Seat Belt Tightening activates. When conditions revert to normal, the seat belts ease automatically.

## TRAVEL THE STRAIGHT AND SMART

Using a camera sensor to monitor lane boundaries, available Lane Keep Assist can gently turn the steering wheel if the system anticipates the vehicle is leaving the lane unintentionally or without using your turn signal. Working in conjunction with the available Safety Alert Seat, available Lane Departure Warning shows a visual alert in the cluster and sends a warning pulse through the seat cushion when your vehicle crosses the detected lane marking.

## AN ATTENTION-GRABBER

Available Lane Change Alert surveys the area well beyond the side blind zone and illuminates the side-mirror warning icon to alert you if a moving vehicle is rapidly approaching. Available Side Blind Zone Alert monitors your blind zones, so if a moving vehicle is in the adjacent lane, it also illuminates the side-mirror icon. In both features, if you've activated your turn signal, the icon on the side mirror flashes to alert you.

## GRABS YOUR ATTENTION. SUBTLY.

Cadillac's available patented Safety Alert Seat sends a discreet pulse to the left, right or both sides of the driver's seat, indicating the direction of the threat — left, right, front or rear.

## BE ALERT. EVEN IN REVERSE.

When backing out of a parking space, available Rear Cross Traffic Alert warns of oncoming traffic on either side of your vehicle and provides an audible warning or a pulse to the Safety Alert Seat.

## GAIN PRECIOUS TIME

Up to certain speeds, available Forward and Reverse Automatic Braking can sense imminent forward and reverse collisions and automatically engage the brakes, helping to reduce crash impact.

Safety or driver-assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather and road conditions may affect feature performance. Read the vehicle Owner's Manual for more important feature limitations and information.

1. A NOTE ON CHILD SAFETY: Always use seat belts and the correct child restraint for your child's age and size, even with airbags. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active frontal airbag. See your vehicle Owner's Manual and child safety seat instructions for more safety information.

# MAKE EVERY DAY A TRACK DAY

As formidable on the track as it is convenient on the road,  
the CTS-V is the leader of the V-Series family.  
Designed and engineered with many goals, but one sole  
purpose: ultra-high performance. Take technologically  
advanced driving and maximum exhilaration, then finish  
it with sophisticated style and deluxe amenities.

THE CTS-V WILL LAUNCH YOU FORWARD.

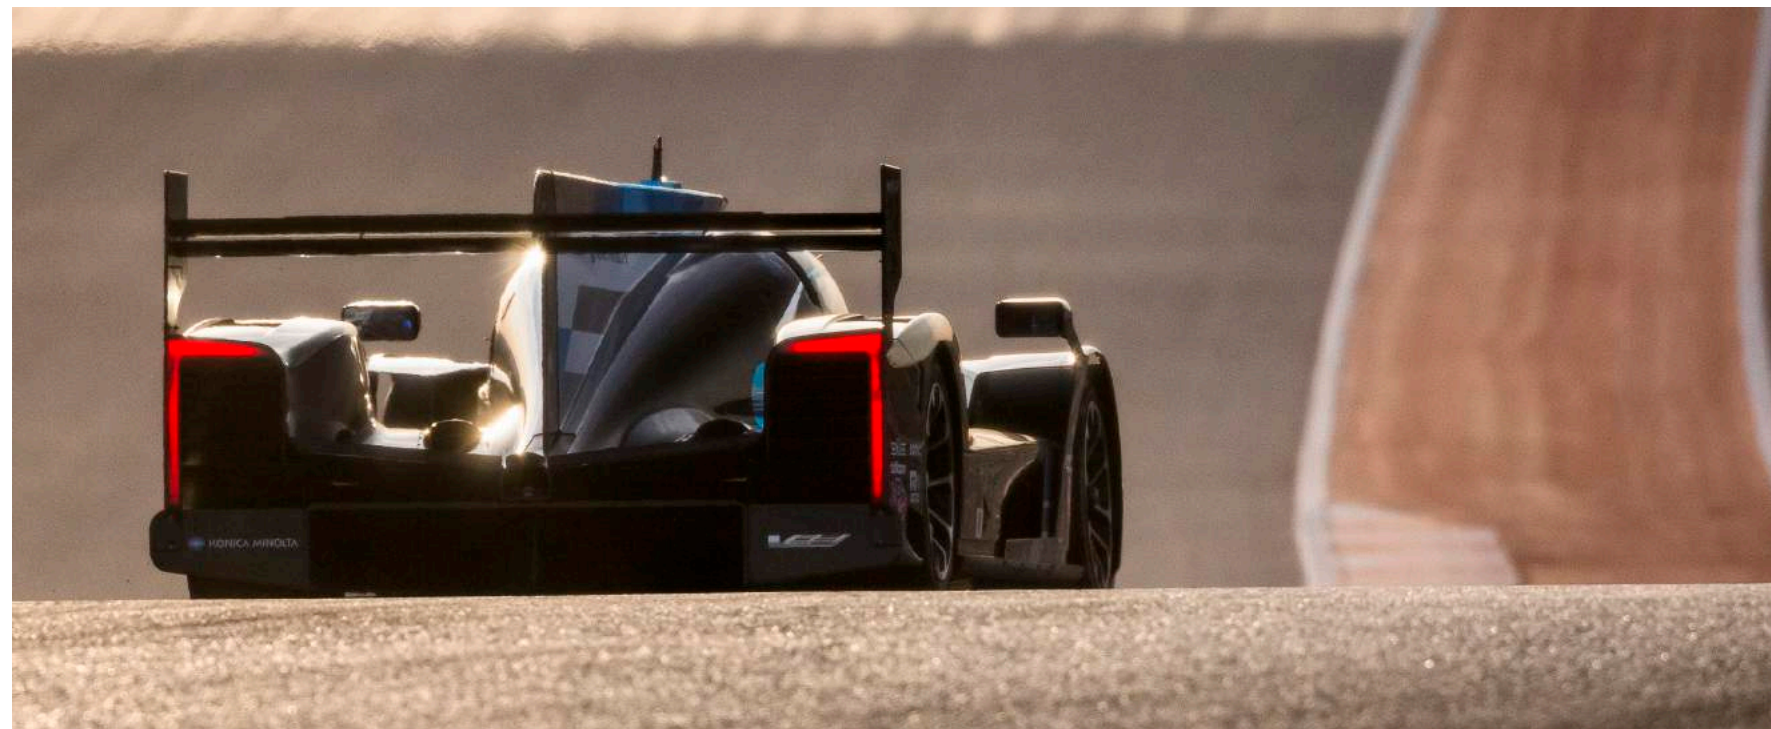

# PERFORMANCE RACES THROUGH OUR BLOODLINE

Cadillac has a proven history in motorsports — from winning year after year in the Pirelli World Challenge Series to becoming a dominating manufacturer in the IMSA WeatherTech SportsCar Championship with its newest racecar, the DPi-V.R prototype. In 2017, the Cadillac DPi-V.R won five IMSA championship titles. This type of commitment to performance and excellence is found within Cadillac Racing and is obtainable with the Cadillac V-Series.

The skill, resourcefulness and pure grit that go into creating a world-class racing team are at the very heart and soul of each and every track-capable Cadillac CTS-V. Whether it's innovative Cadillac technology, such as the Performance Traction Management system, its striking wheels and exterior design cues or its powerful engine and functional aerodynamics, the CTS-V is a fitting cousin to the Cadillac DPi-V.R.

**Transport yourself.** The CTS-V's 6.2 L supercharged V8 delivers 640 hp and 630 lb.-ft of torque, launching you from 0 to 96.6 km/h in 3.7 seconds<sup>1</sup>, with a racetrack top speed of 322 km/h. A compact and efficient 1.7 L, four-lobe Eaton® supercharger, with specially engineered rotors, generates boost early in the rpm band for a faster response. And Direct Injection, Continuously Variable Valve Timing technology and Active Fuel Management make everyday driving as efficient as it is exhilarating.

The sport automatic transmission features Performance Algorithm Shifting. Automatically activated by spirited driving, this technology seamlessly selects the best gear for each corner, whether you're seeking fast lap times on the track or enjoying your favorite canyon road. For even more control, Magnesium Paddle Shifters let you tap through the gears.

Massive front and rear Brembo® brakes are standard V-Series equipment. Front mono-block brake calipers are carved from a single block of lightweight aluminum alloy—for firm pedal feel and unmatched confidence. Front brake discs feature a two-piece rotor design for excellent heat resistance, performance and durability. In addition, a Ferritic Nitro-Carburizing process greatly reduces corrosion on the rotors, helping maintain appearance and prolong brake life.

<sup>1</sup>. Based on GM testing and initial movement.

Top left: CTS-V shown in Crystal White Tricoat. Above: Standard Brembo brakes.

When you analyze the formidable CTS-V frame, you'll uncover a stiff, lightweight structure that allows the V-Series to be track-capable from the factory. The V-Series boasts a multilink MacPherson strut independent front suspension, focused on delivering a quick response and lateral control. A five-link independent rear suspension achieves all-out track performance while maintaining everyday comfort.

The V-Series' stunning stance also plays a crucial role in performance. Its aerodynamically designed front splitter and front hood vent steer air around and over the car to reduce lift. The iconic V-Performance mesh grille is cleverly engineered to provide maximum airflow to the engine, while reducing wind resistance. A dramatic rear spoiler creates aerodynamic balance to help keep the V-Series' tires planted.

The V-Series is equipped with a carbon fibre hood — standard. An available Carbon Fibre Package employs this lightweight yet incredibly strong material in the symmetrical design of a deeper front splitter, hood vent louvers, rear aero diffuser and a taller rear spoiler.

**V-tuned tech.** If you take your CTS-V to the track, you'll have advanced technology to review your run and help you become a better driver. The available Performance Data Recorder<sup>1</sup> captures your track driving — recording video, audio and performance data in real time that can be viewed on the Cadillac user experience<sup>2</sup> screen or saved on an SD card to watch later. The system's four overlays — Sport, Track, Performance or Tour — help analyze your skills.

For a more detailed analysis, the Performance Data Recorder can be used in conjunction with the available Cosworth Toolbox.

Used by professional racing teams, this software provides a turn-by-turn breakdown of your run to improve your driving skills. Visit [cosworth.com/toolbox-cadillac](https://cosworth.com/toolbox-cadillac) to download the software.

The CTS-V also includes competition-spec traction and stability controls. Performance Traction Management (PTM) integrates traction and engine control systems for improved and consistent cornering. Enter Track Mode and choose from five driver-selectable levels of control: Wet, Dry, Sport 1, Sport 2 or Race.

During aggressive cornering — or on curved on/off ramps — the electronic Limited-Slip Differential (eLSD) automatically directs power to the rear wheel with the most traction for great control and fast exit speeds. And for an added shot of adrenaline, Launch Control monitors traction activity and allows the engine, transmission and suspension to work together for maximum, full-throttle acceleration off the line, resulting in more consistent 0-100 km/h.

Manufactured in a high-security factory, V-Series Michelin® Pilot® Super Sport summer-only tires<sup>3</sup> feature a unique tri-compound design. The outer shoulder is particularly resistant to the wear associated with aggressive cornering. The tread's centre ribs are optimized for steering and handling, and the inner shoulder is designed to slice through water, providing grip on the road. These tires also feature R-compound — the “R” stands for racing. Rarely seen on street-vehicle tires, this technology delivers outstanding grip.

<sup>1</sup> Read the vehicle's owner's manual for important feature limitations and privacy information.  
<sup>2</sup> Functionality varies by model. Full functionality requires compatible Bluetooth and smartphone, and USB connectivity for some devices. <sup>3</sup> Do not use summer-only tires in winter conditions, as it would adversely affect vehicle safety, performance and durability. Use only GM-approved tire and wheel combinations. Unapproved combinations may change the vehicle's performance characteristics. For important tire and wheel information, see the Owner's Manual, go to <https://my.gm.ca/cadillac/en/learn/tires> or your dealer for details.

**Perfect execution is the only acceptable standard.**  
At first thought, you might not think a track-capable performer to also have the finest amenities. But that's what makes the CTS-V a Cadillac. You'll find craftsmanship, comfort and an array of technology that's applied with precise and exquisite vision every time you step inside.

The tailored interior of the CTS-V is refinement pushed tastefully further. Leather and trim options offer timeless style along with subtle racing aesthetics. For instance, V-carbon fibre veneers are engineered for beauty and designed with a mirror-matched pattern to accentuate an advanced cockpit.

When it comes to seating, the CTS-V takes a confident place on the podium. Supple, strong and striking, the Semi-Aniline leather seating surfaces and steering wheel available in the V-Series are created using a process that retains the natural beauty of the material while enhancing their strength and softness.

Synonymous with racing, available RECARO® front seats feature a handcrafted shape that cradles your body during cornering. Along with slip-resistant sueded panels and adjustable bolsters, this design helps take the work out of staying in place during aggressive manoeuvres.

Its function is matched by extraordinary comfort. The 20-way front Sport Seats come leather-trimmed with sueded microfibre inserts. They are also heated and ventilated.

method on file and enrollment to receive alerts. Additional messaging and data rates may apply. See onstar.com for details and limitations. 16. Requires subscription to OnStar Guidance Plan, Premium Access Plan or Navigation Add-on. Connected Navigation and Real-time Points of Interest (POI) only available on properly equipped vehicles. Services are subject to user terms and limitations and vary by vehicle model. Visit onstar.ca for more details. 17. Do not use summer-only tires in winter conditions, as it would adversely affect vehicle safety, performance and durability. Use only GM-approved tire and wheel combinations. Unapproved combinations may change the vehicle's performance characteristics. For important tire and wheel information, see the Owner's Manual, go to https://my.gm.ca/cadillac/en/learn/tires or your dealer for details. 18. Vehicles equipped with these linings will experience faster accumulation of brake dust on wheel surfaces and may produce more noise than with standard linings.dealer for details.

2019 CTS-V STANDARD FEATURES

DRIVETRAIN

**Engine** 6.2 L V8 Supercharged Direct Injection (DI), Continuously Variable Valve Timing (CVT), aluminum with 640 hp and 630 lb-ft of torque with Active Fuel Management  
**Transmission** 8-speed automatic with Performance Algorithm Shifting and Magnesium Paddle Shifters  
**Cooling System** For engine oil, engine coolant, transmission, charge air cooling and rear differential  
**Rear-Wheel Drive**

CHASSIS AND SUSPENSION

**Brakes** Brembo® 6-piston front, 4-piston rear, 4-wheel disc anti-lock braking system (ABS), Auto-Dry function with Ferritic Nitro-Carburized rotors  
**Calipers** Gray Brembo®  
**Differential** Electronic Limited-Slip (eLSD)  
**Performance Brake Linings<sup>1</sup>**  
**Performance Traction Management** With Launch Control  
**Steering** ZF premium, speed-sensitive, variable-effort power rack-and-pinion, electric system  
**Suspension** Performance with Magnetic Ride Control  
**Tires** Michelin® Pilot™ Super Sport summer-only tires<sup>2</sup>  
**Traction Control** All-speed, brake and engine controlled

EXTERIOR

**Aerodynamics** Front splitter, rocker panels and rear spoiler  
**Carbon Fibre Hood** With air extractor  
**Daytime Running Lamps**  
**Door Handles** Illuminating  
**Exhaust** Quad stainless steel outlets  
**Fuel Filler Door** Remote locking  
**Glass** Acoustic, laminated front doors  
**Grille** V-Series  
**HID Headlamps** With IntelliBeam Adaptive Forward Lighting and LED vertical light signatures  
**Mirrors** Body-colour, heated, power-adjustable, and driver-side auto-dimming, manual folding with integrated turn-signal indicators  
**Recovery Hook<sup>3</sup>** Front  
**Solar-Absorbing Windshield**  
**Spoiler** Rear decklid integrated with LED Centre High-Mounted Stop Lamp (CHMSL)  
**Tail lamps** LED illumination  
**Wheels** 19-in. painted forged aluminum wheels with summer-only tires<sup>2</sup> (see foldout for more details)  
**Windshield Wipers** Front intermittent with Rainsense

INTERIOR

**Adaptive Remote Start** Activates heated/ventilated seats (if equipped), climate control system and rear defroster  
**Air Filtration System** Automatic air circulation and air quality control  
**Armrest, Centre** Front and rear with hidden storage  
**Audio** Bose 13-speaker Centerpoint Surround Sound system and Active Noise Cancellation technology  
**Bluetooth<sup>4</sup>** Hands-free calling and data-service streaming with Enhanced Voice Recognition  
**Available Built-in 4G LTE Wi-Fi Hotspot<sup>5</sup>** Capability includes a 3-month or 3GB data trial (whichever comes first)  
**Cadillac user experience<sup>6</sup> and Navigation<sup>7</sup>** Information and media control system with Navigation<sup>7</sup>, 8-in. diagonal full-colour LCD capacitive multi-touch screen, 2 USB ports<sup>8</sup>, auxiliary input jack, Natural Voice Recognition and Phone Integration for Apple CarPlay<sup>®9</sup> and Android Auto<sup>™10</sup> compatibility, connected Apps<sup>11</sup> and Teen Driver  
**Cargo Convenience Net** Trunk  
**Climate Control** Dual-zone automatic electronic with individual settings for driver and front passenger  
**Connected Access<sup>11</sup>** Provides 10 years of standard connectivity. Current services include Vehicle Diagnostics<sup>12</sup> and Dealer Maintenance Notifications.  
**Console, Centre** Front with integrated shifter, armrest and covered storage  
**Console, Overhead** Includes reading lamps; also includes universal home remote, UltraView sunroof (if equipped) and power rear-window sunshade controls (if equipped)  
**Cruise Control** Electronic, with set and resume speed  
**Cupholders** 2 in front console, 2 in rear armrest  
**Door Locks** Power programmable with lockout protection  
**Electronic Parking Brake**  
**Floor Mats** Carpeted front and rear  
**Gauge Cluster** 12.3-in. high-definition full-colour reconfigurable with V-specific layout  
**Glove Box** Electronic push-button opening, lockable  
**HD Radio**  
**Headliner** Sueded microfibre  
**Keyless Access** EZ Key full Keyless Access offers keyless entry to all doors and trunk  
**Keyless Ignition with Push-Button Start**  
**Lighting** For glove box, front cupholders, overhead console, front and rear-passenger footwell, map pockets, rear assist handles and cargo area, LED accent on instrument panel and door  
**Memory Package** 2 presets for driver-seat position and outside mirrors and vehicle exit preset function  
**Mirror** Frameless automatic-dimming rearview  
**Pedals** Sport alloy  
**Power Outlets** 2 auxiliary  
**Rear Window Defroster**  
**Retained Accessory Power** Power windows, audio system and sunroof (if equipped) remain operational after ignition is switched off for 10 minutes or until driver's door is opened

Seating

5-passenger  
Front bucket  
Rear, fixed seatback includes fold-down centre armrest and lockable rear pass-through access door  
Heated, driver and front passenger  
Ventilated driver and front-passenger seat cushion and seatback (not available with RECARO® seats)  
Head restraints, 4-way manual adjustable front  
Seats, front bucket, 20-way performance driver and front passenger, includes power-adjustable seatback bolster and manual cushion length adjustment  
Semi-Aniline leather trim with sueded microfibre inserts and seatbacks  
**Sill Plates** Illuminated front, V-badged  
**SiriusXM Radio<sup>13</sup>** With 3-month trial  
**Steering Wheel** Leather-wrapped rim, heated, with Magnesium Paddle Shifters and audio, Driver Information Centre (DIC) and cruise controls  
**Steering Column** Power-adjustable rake and telescope  
**Universal Home Remote** 3-channel  
**Visors** Driver and front-passenger illuminating vanity mirrors  
**Windows** Power with front and rear express-up/down, includes rear-passenger lockout  
**Wireless Charging Pad<sup>14</sup>** Inductive charging system for portable devices

SAFETY AND SECURITY

**Airbags<sup>15</sup>** Driver and front-passenger frontal and knee, seat-mounted side-impact and head-curtain for all outboard seating positions, includes Passenger Sensing System  
**Automatic Parking Assist<sup>16</sup>** Includes front, rear, parallel and perpendicular parking assist  
**Automatic Seat Belt Tightening**  
**LATCH System<sup>15</sup>** (Lower Anchors and Top tethers for CHildren) for child safety seats  
**CurbView Camera**  
**Forward Collision Alert<sup>16</sup>**  
**Following Distance Indicator<sup>16</sup>**  
**Head-Up Display<sup>16</sup>** Full-colour, configurable  
**Hill Start Assist<sup>15</sup>**  
**Lane Change Alert with Side Blind Zone Alert<sup>16</sup>**  
**Lane Keep Assist with Lane Departure Warning<sup>16</sup>**  
**OnStar Safety & Security Plan<sup>17</sup>** Coverage for 1 month from the trial activation date, which includes Automatic Crash Response, Stolen Vehicle Assistance, Roadside Assistance and Turn-by-Turn Navigation  
**Rear Cross Traffic Alert<sup>16</sup>**  
**Rear Vision Camera<sup>16</sup>** Includes guidelines indicating the vehicle's projected path when vehicle is put in Reverse  
**Seat Belts** Lap and shoulder belts for all positions with belt-to-seat mounting and pretensioners for driver and front passenger, rear outboard comfort guides  
**StabiliTrak** Electronic Stability Control System  
**Theft-Deterrent Alarm System** With vehicle immobilizer  
**Tire Inflation Kit**  
**Tire Pressure Monitoring System** Does not monitor spare tire

AVAILABLE FEATURES

**Advanced Security Package** (requires Luxury Package)  
Additional shielded Theft-Deterrent Alarm System  
Locking wheel lugs  
Vehicle inclination tilt sensor  
Steering column lock  
**Calipers** Red Brembo, Dark Gold Brembo  
**Carbon Fibre Package**  
Carbon fibre front splitter  
Carbon fibre hood vent  
Carbon fibre rear diffuser  
Carbon fibre rear spoiler  
**Luxury Package** Includes Tri-Zone Climate Control, Rear Camera Mirror,<sup>18</sup> rear split-folding seat with armrest, heated rear outboard seats, rear-window power sunshade, rear side-window manual sunshades and 110 V power outlet  
**Performance Data and Video Recorder**  
**RECARO Performance Seats** Heated  
**Steering Wheel** Sueded microfibre rim and shift knob  
**Sunroof** UltraView, power (requires Luxury Package)  
**Wheels** (see foldout for more details)  
19-in. polished forged aluminum wheels with Midnight Silver painted pockets and summer-only tires<sup>2</sup>  
19-in. After Midnight painted forged aluminum wheels with summer-only tires<sup>2</sup>

**1.** Vehicles equipped with these linings will experience faster accumulation of brake dust on wheel surfaces and may produce more noise than with standard linings. **2.** Do not use summer-only tires in winter conditions, as it would adversely affect vehicle safety, performance and durability. Use only GM-approved tire and wheel combinations. Unapproved combinations may change the vehicle's performance characteristics. For important tire and wheel information, see your dealer for details. **3.** To avoid the risk of injury, never use recovery hooks to tow a vehicle. See the Owner's Manual for more information. **4.** Not compatible with all devices. **5.** Visit onstar.ca for vehicle availability, coverage maps, details and system limitations. Services and connectivity vary by model and conditions as well as geographical and technical restrictions. 4G LTE service available in select markets. Requires active connected vehicle services and a data plan to access the vehicle's built-in Wi-Fi hotspot. Accessory Power must be active to use the Wi-Fi hotspot. Data plans provided by AT&T or its local service provider. Credit card is required for purchase. **6.** Cadillac user experience functionality varies by model. Full functionality requires compatible Bluetooth and smartphone. Some devices require USB connectivity. **7.** At time of posting, detailed map coverage is available for most major urban areas of the United States and for certain metropolitan areas of Canada (Vancouver, Calgary, Edmonton, Winnipeg, Windsor, London, Toronto, Ottawa, Montreal, Quebec City and Halifax). Coverage is significantly limited outside these areas. **8.** Not compatible with all devices. **9.** Vehicle user interface is a product of Apple, and its terms and privacy statements apply. Requires compatible iPhone, and data plan rates apply. Apple and Apple CarPlay are trademarks of Apple Inc., registered in the U.S. and other countries. **10.** Vehicle user interface is a product of Google, and its terms and privacy statements apply. Requires compatible smartphone, and data plan rates apply. Android and Android Auto are trademarks of Google LLC. **11.** Additional data plan rates may apply. Available on select 2017, 2018 AND 2019 model year GM vehicles with

compatible hardware. Third-party trademarks are the property of their respective third-party owners and used under agreement. Visit onstar.ca for service limitations, availability and service plan details. Requires active connected vehicle services and data plan or connection to an external Wi-Fi hotspot. Vehicle data plans provided by AT&T or its local service provider. Services are subject to user terms and limitations. Visit onstar.ca for more details. **12.** Capabilities vary by model and service plan. Visit onstar.ca for details and system limitations. Message and data rates may apply. Requires active service, email address on file and enrollment in Vehicle Diagnostics. Not all issues will deliver alerts. On-Demand Diagnostics requires a paid service plan. **13.** Available in 10 Canadian provinces, 3 territories and the 48 contiguous United States. Subscription sold separately after trial period. If you decide to continue your service at the end of your trial subscription, the plan you choose will automatically renew and bill at then-current rates until you call 1-888-539-7474 to cancel. Other fees and taxes will apply. All fees and programming subject to change. See the Customer Agreement for complete terms at siriusxm.ca/terms. ©2018 Sirius XM Canada Inc. "SiriusXM," the SiriusXM logo, channel names and logos are trademarks of Sirius XM Radio Inc. and are used under license. SiriusXM Canada products, programming, services are subject to change. **14.** The system wirelessly charges one PMA- or Qi- compatible mobile device. Some devices require an adaptor or back cover. To check for phone or device compatibility, see gmtotalconnect.ca. **15.** Always use seat belts and child restraints. Children are safer when properly secured in a rear seat in the appropriate child restraint. See the Owner's Manual for more information. **16.** Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather, and road conditions may affect feature performance. Read the vehicle Owner's Manual for more important feature limitations and information. **17.** OnStar acts as a link to existing emergency service providers. Not all vehicles may transmit all crash data. Roadside service provided by Allstate Roadside Services, and limitations and restrictions apply. Stolen Vehicle Assistance requires armed factory installed theft-deterrent system and selection of notification communication preference(s). These services are intended to assist with vehicle recovery and do not prevent theft or protect against damage or loss. Additional messaging and data rates may apply. Services are subject to user terms and limitations, and vary by vehicle model. Visit onstar.ca for more details.

OWNER BENEFITS

Our owners deserve it all. That’s why 2019 vehicles are backed by a comprehensive suite of owner benefits. To learn more, visit <https://www.cadillaccanada.ca/download-brochure.html>.

AN IMPORTANT NOTE ABOUT ALTERATIONS AND WARRANTIES

Installations or alterations to the original equipment vehicle (or chassis) as distributed by General Motors are not covered by the General Motors New-Vehicle Limited Warranty. The special body company, assembler, equipment installer or upfitter is solely responsible for warranties on the body or equipment and any alterations (or any effect of the alterations) to any of the parts, components, systems or assemblies installed by GM. General Motors is not responsible for the safety or quality of design, features, materials or workmanship of any alterations by such employers.

ENGINES

Cadillac products are equipped with engines produced by GM Powertrain or other suppliers to GM worldwide. The engines in Cadillac products may also be used in other GM makes and models.

ASSEMBLY

Cadillac vehicles and their components are assembled or produced by different operating units of General Motors, its subsidiaries or suppliers to GM worldwide. We sometimes find it necessary to produce Cadillac vehicles with different or differently sourced components than originally scheduled. Since some options may be unavailable when your vehicle is assembled, we suggest you verify that your vehicle includes the equipment you ordered and that, if there were changes, they are acceptable to you.

A NOTE ON CHILD SAFETY

Always use seat belts and the correct child restraint for your child’s age and size, even with airbags. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active frontal airbag. See the Owner’s Manual and the child safety seat instructions for more safety information.

TRAILERING AND OFF-ROAD DRIVING INFORMATION

Please go to [cadillaccanada.ca](http://cadillaccanada.ca) and carefully review the vehicle Owner’s Manual for important safety information about trailering or off-road driving in your vehicle.

IMPORTANT WORDS ABOUT THIS CATALOG

Some of the equipment shown or described throughout this catalogue may be available at extra cost. We have tried to make this catalog comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colours, materials, equipment,specifications, models and availability. Specifications, dimensions, measurements, ratings and other numbers in this catalog and other printed materials provided at the dealership or affixed to vehicles are approximations based on design and engineering

drawings, prototypes and laboratory tests. Your vehicle may differ due to variations in manufacture and equipment. Since some information may have been updated since the time of printing, please check with your Cadillac dealer for complete details. Cadillac reserves the right to lengthen or shorten the model year for any product for any reason or to start and end model years at different times. Certain vehicle features may lose their usefulness over time due to obsolescence from technological changes. Unless otherwise noted, all claims based on GM Mid-Car Sedan segment and latest available competitive information. Excludes other GM vehicles.

FLEET ORDERS

Some standard content may be deleted on fleet orders. See dealer for details.

**19-in. AFTER MIDNIGHT PREMIUM PAINTED FORGED ALUMINUM**  
Available on CTS-V  
Size: 19-in. x 9.5-in. front, 19-in. x 10-in. rear with P265/35R19 front and P295/30R19 rear performance, summer-only<sup>2,3</sup> tires

**1.** All-season tires may not satisfy winter tire requirements in all regions of the country. Tires specifically designed for severe winter conditions and marked with the "winter tire" symbol may be required during certain months or in certain regions. Contact your Provincial, Municipal or local road authority for information regarding which tires are required in your particular area. **2.** Lower profile tires wear faster. Wheel and tire damage may occur on rough or damaged roads or from surfaces or from curbs, debris or obstacles. This damage is not covered by the GM New-Vehicle Limited Warranty. For more important tire and wheel information, see the Owner's Manual, go to <https://my.gm.ca/cadillac/en/learn/tires> or your dealer for details. **3.** Do not use summer-only tires in winter conditions, as it would adversely affect vehicle safety, performance and durability. Use only GM-approved tire and wheel combinations. Unapproved combinations may change the vehicle's performance characteristics. For important tire and wheel information, see your vdealer for details.
