

# Transmission and Drivability Tech

## Ontario Motor Sales

---

**ONTARIO MOTOR SALES**

CHEVROLET CADILLAC

### Job Description:

Ontario Motor Sales has been proudly serving the Durham region over 94 years. As a family owned business, OMS is extremely well known in the community and is known for its long tenured staff. As a top volume retail GM dealership in Canada, expansion has created a number of positions within the dealership. We are currently seeking an automatic transmission specialist (2-3 years experience). Primary responsibilities include vehicle maintenance and professional repair of cars, SUVs and trucks. Skills required include advanced knowledge and proficiency in diagnosing and repairing transmission and drivability issues. Familiarity with GM vehicles and GM Pro Training are not required but are considered an asset.

### We offer

- A well-established, stable business environment, in a company that has a Durham region mainstay since 1923
- A competitive compensation package, with benefits (including healthcare, drug, dental, optical, life insurance, pension, uniforms and cleaning, tool and safety boot allowance)
- Advanced training opportunities

### We Require

- Must possess a valid C of Q certificate
- A dedicated, customer-focused individual that knows how to make the customer their priority
- Must be able to perform physical activities such as, but not limited to, lifting equipment (up to 50 lbs), bending, standing, climbing or walking
- Someone who can keep up with the ever-changing technologies within the automotive repair industry

### Job Type: Full-time
