- A valid Ontario Class G Drivers' License is required.
- Highly skilled with technical and mechanical aptitude and exceptional problem-solving skills.
- Strong organizational and time management skills along with attention to detail.
- A strong sense of personal pride in their workmanship
- A can do attitude.
- Valid Ontario Class G driver's license
- Clean Driver's Abstract

AUTOMOTIVE GENERAL MECHANICAL TECHNICIAN

Ontario Motor Sales

ONTARIO MOTOR SALES

CHEVROLET | SINCE 1923 | CADILLAC

RESPONSIBILITIES

- Inspect, diagnose and repair mechanical based failures.
- Remove and replace suspension, driveline, engine and other mechanical components.
- Recondition mechanical components.
- Use measurements to diagnose and replace worn out parts.
- Update onboard software as required by the manufacturer.
- Required to inspect and diagnose any malfunctions, or customer's concerns and perform repairs on vehicles related to the chassis, engine, driveline and body.
- Working alongside the Service Advisors to communicate if additional work is needed or if repairs/work cannot be completed within the given time frame.
- Certify all warranty repairs are completed as stated by the manufacturer and ensure sufficient documentation exists to support the warranty claim.
- Organize with the Parts Department to confirm the availability of parts needed to complete repairs.
- Conducting road tests on vehicles to ensure the quality of repair and guaranteeing vehicles remain clean for customers.
- Staying updated with technical skills and attend sponsored training classes.
- Maintains a clean working environment; ensure equipment durability and workplace safety.
- Required to wear safety equipment and clothing (i.e., safety glasses and footwear).
- Ensure compliance with regulations, such as safety requirements, hazardous waste disposal, Canadian Occupational Health and Safety Regulations and other policies and procedures as required.
